

Brief CV

Name/中文姓名	Al Kaveh	Gender	Mr	
Title (Pro./Dr.)	Distinguished Professor	Country	Iran	
University/Department	Iran University of Science and Technology, School of Civil Engineering			
Research Area	Applied Graph Theory, Optimal Analysis, Optimal Design of Structures			
<p>Brief introduction of your research experience:</p> <p>Books: 23 books in civil engineering (Farsi) and 11 books published by Wiley and Springer Paper 650 I International Journals and 165 in International Conferences. Winner of more than 50 awards. Scientific Committee Members of more than 75 conferences. Fellow of 3 Academies. World Academy of Sciences, European Academy of Sciences and Art, Iranian Academy of Sciences. Expert in the following fields: Conceptual analysis of structures; plastic analysis and design; force method; finite elements, Optimal analysis; optimal design ; Inventor of 17 new metaheuristic algorithms. Editor-in-Chief of 2 international journals Editor of two journals.</p>
