

Brief CV

Name/中文姓名	XiaoruiDong / 董晓睿	Gender	Male	
Title (Pro./Dr.)	Assoc. Prof	Country	China	
University/Department	Shengli college, China university of petroleum / Department of information technology			
Research Area	Pattern Recognition, Deep Learning, Software Engineering			
<p>Brief introduction of your research experience:</p> <ul style="list-style-type: none"> ● Have Published more than 20 papers, more than 10 of which were indexed by SCI, EI or ISTP. The main contents of these papers are focus on pattern recognition, data mining and evaluation method. ● Have published 1 computer programming teaching material. ● Have extensive experience in software engineering project construction, including large projects involving public opinion monitoring, mechanical evaluation, environmental monitoring, etc. ● Have a number of senior computer and software titles, including systems analyst (no. 10102360003), information systems project manager (no. 12101360004), and systems architect (no. 31420191137050301131). ● Have been involved in more than 10 scientific research projects, including 1 project supported by national natural science foundation. The main contents of these papers are focus on pattern recognition algorithm, multi-source information fusion and mechanical failure real-time monitoring.
